Page 1 of 1

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Col. 32, line 14-17, delete

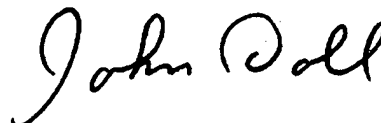

“wherein the segment, the distal segment being more flexible than the proximal segment such that the distal portion more easily deflects relative to the proximal segment,”

and insert in place there of

--wherein the distal portion being more flexible than the remainder of the catheter body such that the distal portion more easily deflects relative to the remainder of the catheter body,--.

Signed and Sealed this

Third Day of February, 2009

A handwritten signature in cursive script that reads "John Doll".
